**Message:**

Mrs. Jackson,  
I am worried about Dalilah. She calls home almost every night crying wanting to come home. It is taking a toll on her. They won't tell us the arrangements of her return. I have no date to give her to look forward to. She keeps telling me how unhappy she is. I just want to inform you how Dalilah is feeling. She doesn't feel like anybody cares or is listening to her.  
Angela
