I need your help bad your kid need to get out of there like

JUDY P.001

Angie and Jason are strung out  
and horrible over seers

I just called you

I have had a feeling about  
this but no proof

I'm so confused

Yeah I'm Jason's mom

I went to court in September, had to fly all the way from montana for a bogus order of protection Angie filed on my fiancée. Jason was there, he looked sick

I was concerned and when I went to ask why he was there, Angie and him bailed out without seeing the judge

Yeah both of them are. It's pretty deep

How did you find me?

She's constantly making

you by my son's dad's  
Facebook. Didn't know who  
else to try to seek help from.

They showed u at my house  
bout a week ago with a axe  
threatening me it's insane

Up at my house

If I can get proof of Angie  
doing drugs I can go take my  
child. I have proof of other  
people doing drugs but not  
her

I need to get my kid out of  
there

Angie isn't a bad mom, she's  
just really messed up right  
now

hospital and he had them in his  
system

This is dangerous for  
everyone. Angie is vindictive  
and short tempered

She's constantly creating  
issues with me idk even know  
the lady

I have to be delicate at what  
I have to do

I understand

In sorry you're kid is sucked  
into her web

I tried to keep her together  
when we were dating but  
she would find ways to get  
high behind my back so I had

She has threatened me and my fiance. She is scary

What can I do to help

I do t know what to do. If I take Dalilah I'll get kidnapping charges

Its insane. I don't need help I was concerned about the well being of your daughter. That's all

I've called DFS

Oh thank God

I've called too!

They said if other corroborates then they can take her and give to me

Okay. I've been trying to call every day but she only answers when she needs my money

I do t want to send money cuz I know where it's you g but imobligated to

Ha

I know where it's going

Yup

I'm so sorry

I've been asking for a year why she was so drawn to your boy

Why she isn't leaving him alone

Who says that!?

She's a joke. He's a kid himself I guess she has weird fetishes

I agree. I'm 6 years younger than her

I was fresh out of high school

That's not a bad as dam near 20 year difference

True

I will call DFS again and try to light a fire under their butts

I gotta get Dalilah out of there

Jason don't have a phone any longer

I've been talking to Angie on a strange number and old whose it is

Know\*

Oh well I didn't think he had a phone

Anyways I got to get off here

Ty for your time

I'm going to try and call her I'll keep you updated

Ok same here

Thank you so much
