Mr. Davis,

I write to you with a heavy heart about the situation my daughter and I have been dealing with the past 2 years. We have been abuse at the hand of Judge Nicole Zellweger, Venus Jackson, Kathleen Shaul, and The St. Louis County Clerks Office.

I have never witness so much gaslighting, lying, fraud, deception, bullying, and orchestrated crimes as I have in Judge Zellweger's courtroom. I have watched helplessly while they have chipped away at our rights until we had none and could not defend ourselves or even live our lives they way we are intended to. We have been at the mercy of Judge Zellweger. She sentenced my daughter to go live with her abuser and because she refused to return to a place she was inappropriately being touched she jailed me and my daughter. I was sent to clayton for 2 days and my daughter spent 23 days in the mental ward at Children's Hospital until they released her to a third party and taken out of the state. I was not allowed to see her or even talk to her before they moved her. I still have not spoke to my daughter. The last time was 3/4. I don't know where she is or if she is even ok.

I don't understand why the news is not reporting on the 31 judges that recused themselves in another similar case. My judge followed suit and recused herself from my case also last week. She has placed a gag order on me and won't allow me to obtain legal representation for my daughter. Her order stated no third parties can speak to her regarding our case only the gal who is not advocating for her best interests. Somebody is going to have to stop being scared or whatever the reason the news isn't reporting on this. We need more light shining on this darkness as our light is being dulled down by them. I am not the only one out here fighting to keep their child safe. There are so many and they are getting the best of us. There is no fair playing field. You will never win playing their game. It is so currupt that you don't have a chance. My daughter state...[Go to message](#)
